This Standard Limited Warranty ("Warranty") is applicable to the rooftop solar mounting structure products manufactured and supplied by ANTAI TECHNOLOGY CO., LTD ("ANTAI"), and sold in the territory of European countries:

- a. Pitch Roof Mounting System
- b. Flat Roof Mounting System

ANTAI TECHNOLOGY CO., LTD (referred as "the company" below) guarantees and promises the quality of solar mounting products ("Products") as follows:

I Quality Guarantee

- a. The company guarantees that the Products provided are qualified products in accordance with international standards and procurement requirements.
- b. The company guarantees that the Products provided are brand new and unused. Product appearance and technical specifications meet the requirements for quality, specification and performance specified in the relevant contract.
- c. The company guarantees that the Products shall have a service life of 25 years under correct installation and normal service conditions and shall have the performance conforming to the contract provisions and technical requirements within service life.

II The Period of Quality Warranty

- a. This Warranty shall become effective on the date ("Effective Date") when the risk of loss and damage to the Products are being transferred from the company to the CUSTOMER subject to the applicable INCOTERMS under the contract executed by the company and the CUSTOMER for supply and provision of the Products ("CONTRACT").
- b. The warranty period of each component of the Products shall be as follows:

Rooftop Solar Module Mounting Structures:

Fifteen (15) – YEAR from the effective date of repair and replacement remedy, when the products used are in accordance with the wind load and snow load standard EN 1991 and structural design standard EN 1990.

The company warrants its Products, if any, to be free from defect in materials and workmanship under normal application, installation, and use as well as service conditions. If Products fail to conform to this warranty, during the warranty period of each component,

the company will, at its option, either repair or replace the defective components. The repair and replacement remedy shall be the sole and exclusive remedy provided under this Warranty and shall not extend beyond the period set forth herein.

III Exemptions

During the period of quality assurance, any of the following circumstances shall not be covered by the warranty:

- a) Failure to properly install and use the Products according to the operating instructions, or disassemble, reassemble, modify, maintenance, reorganize and transform the Products without the company's permission, resulting in products' malfunction (including circumstances of being able to work but failing to function normally or perfectly, the same below) or damage;
- b) The information provided to the company is inconsistent with the actual installation site information, or the Products not being used in the environment or conditions as design required, resulting in Products' malfunction or damage;
- c) Products' malfunction or damage caused by malfunction or damage of equipment or accessory parts other than the Products provided by the company;
- d) Products' malfunction or damage caused by malfunction or damage of systems, components or accessory parts provided or purchased by CUSTOMER which are contained in Products;
- e) Products' malfunction or damage caused by the design defects in the technical drawings provided by CUSTOMER;
- f) Products' malfunction or damage caused by moving and handling after delivery of Products;
- g) Normal wear and reasonable wear (such as product deformation and discoloration, loss of galvanizing layer, scratches, dirt, etc.) of the products during use;
- h) Products' malfunction, damage or even loss due to natural disasters such as earthquake, fire, thunderstorm, storm and foundation change and other natural factors, as well as unforeseeable or unavoidable force majeure factors such as war, turmoil and government intervention;
- i) Products' malfunction or damage caused by user or third party intentionally or negligently;
- j) Failure to timely inform the company when Products' malfunction occurs or damaged or wrong Products are inspected, resulting in more serious damage;
- k) Products' malfunction or damage that cannot be detected by general technology and

science before Products being launched into the market;

- l) Detecting, inspecting or discovering or being informed of Products' defect, damage, error or malfunction before installation but still using such Products, resulting in any damage or loss;
- m) That does not adversely affect the functionality of the Products, including minor defects such as scratches, stains, surface corrosion, discoloration, etc;
- n) Self-Tapping screws, SUS 304 Fasteners, in Corrosion Classes C4 and C5 (EN ISO 1461, EN ISO 12944-2)
- o) Any metal products under Corrosion Classes C5 (EN ISO 1461, EN ISO 12944-2). And subject to mounting products under Corrosion Classes C4 and C5, please contact Antai for the appropriate solutions.
- p) Other faults or damages not caused by the company.

IV Others

- a. The products' malfunction or damage happened in the situation of Item III of this Warranty or when the Warranty period exceeded, the company can provide paid technical support and maintenance services.
- b. The Warranty only guarantees the quality of the Products and shall not be liable for any loss caused by any reason related to the quality of the Products; nor for any incidental damage, derivative damage or special damage caused by any reason.

V Claim

If the CUSTOMER has a justified claim covered by this Warranty, an immediate notification directly to the company shall be filed by mailing a registered letter in writing to the address of the company listed hereunder, and, sending an email to the email address of the company listed hereunder. Together with the notification, the CUSTOMER should enclose the evidence of the claim with the corresponding material code of the Products and the date on which the Products have been purchased. As well as an invoice with clear indication of the purchase date, purchase price, stamp or signature of the company.

Upon receipt of such written claim, the Company may in its sole discretion seek further verification of the CUSTOMER'S claim of a breach of the Warranty. Without limiting the foregoing, in accordance with written authorization and return packaging and shipping

instructions from the Company, the CUSTOMER can return defective or allegedly-defective Products or the specific component of the Products at the Company' expense. The return of any Products or any specific component of the Products will not be accepted by the Company unless prior written authorization has been given by the Company and CUSTOMER has complied with the packaging and shipping instructions provided by the Company. If the Company verifies in its reasonable judgment that Products does not comply with the Warranty set forth above, then the Company, at its sole option, will either repair the defective Products or the specific component of the Products and return it to the CUSTOMER at the CUSTOMER'S expense, or provide new or refurbished Products or the specific component of the Products to the CUSTOMER at the CUSTOMERS expense, and reserve the right to charge the CUSTOMER the parts return freight that the Company have already paid. The foregoing remedies state the Company's sole and exclusive obligation and the Company's sole and exclusive remedy to the Customer for a breach of the foregoing Limited Warranty.

VIDISPUTES

In case of dispute between the company and the CUSTOMER arising out of a warranty, a first-class international test-institute such as TUV Rheinland in Cologne/Germany or a first-class test-institute in China or any other similar institute as mutually agreed by both the company and the CUSTOMER shall be involved to judge the claim finally. The decision made by such institute shall be final and binding on the company and the CUSTOMER. All fees and expenses shall be borne by the CUSTOMER, if the institute decides that the Products' quality conforms to the agreed standards, otherwise it will be borne by the company.

VII VARIOUS

The repair or replacement of defective Products or any specific component of the Products or the supply of additional Products does not cause the beginning of new warranty term, nor shall the original term of this Warranty be extended. Any replaced Products or component of Products shall become the property of the company made for their disposal. the company has the right to deliver another type (different in size, color, shape and/or other format) in case the company has discontinued producing the defective Products or component of Products at the time of claim, the company ensure that this kind of replacement does not affect the performance of the product.

Notwithstanding this Warranty, CUSTOMER's or user's obligations and responsibilities of

ANTAI

Aluminum & AI Tech for Solar

timely, properly and cautiously inspecting Product and timely informing the company of the defects inspected are not reduced or exempted.

VIII WARRANTY TRANSFER

This Warranty is transferable when meeting all of the conditions below:
